

Carpet Protector

Mud, oil, inclement weather, spilled food and drink or pet accidents will cost you time and money when they stain or discolor your carpeting. If you're tired of cleaning up these messes, Plasticover® Self-Adhesive Carpet Protector is for you.

The ultra-tough, slip-resistant plastic carpet protection film is simple to use. Just roll it out, and never worry about stains again! It is ideal for construction, remodeling, moving days, office parties, new carpet, paint days and any other time when quality carpet protection is needed for up to 60 days.

Floor Protection

Ideal for tile, vinyl, and factory-finished hardwood, Floor Protection from Plasticover® is an ultra-tough polyethylene film coated with a special adhesive to grip the surface and keep all dirt. Other floor protection film products on the market last only 30 or 45 days, but Plasticover® offers a full 60 days of protection. Just roll it out, cut it off and you are done! When it is time to clean up, just peel up and recycle or dispose with no residue left behind.
