

WRESTLING MAT INFORMATION SHEET

CWF Flooring, Inc. Wrestling Mats are lightweight and easy to handle, with minimal setup. The flexible cut feature is standard on all of our wrestling mats allowing one person to easily setup and break down a competition floor in just a few minutes.

Our mats are made from the best quality materials with the highest level of attention throughout the process; from when the material arrives, through the assembling process, to adding details and markings, until they leave our doors our products are looked after and cared for.

We offer hand painted logos on our mats. One of our talented artists will hand paint your logo, school/organization name, or insignia directly on your mat. We use high quality paints that are made to last, call a sales rep today.

Impact Tested

- Our 1-5/8" and 2" thick rolls have been ASTM impact tested and meet F1081/F355 standards

Vinyl Wrestling Mat Specs

- 24oz. non-slip, non-abrasive vinyl surface
- Built in antimicrobial protection
- Permanently heat-bonded together for maximum strength and durability

Flexible Wrestling Mat Specs

- Flexible cuts along the back for easy setup
- Ideal for easy portability and setups
- Rolls will give or take 4" in length, we add a few inches to our rolls to compensate for this natural compression and expansion of our mats
- 5 year limited warranty, call for details

When purchasing any type of Corner Protection for your wrestling mats, CWF Flooring, Inc. recommends that when using them on top of a CWF Flooring, Inc. wrestling mat that you either place tennis balls on the end of each chair leg or place a thin underlayment of foam underneath the carpet layment to prevent damage to the wrestling mat. **CALL A SALES REP FOR DETAILS**
