

CARPET MATS

WATER WELL I

TRAPS WATER AND DIRT BEFORE IT GETS ON THE FLOOR

WATERWELL'S amazing construction traps water and dirt created by heavy traffic, keeping it contained in the mat, so it won't get on the floor.

- Unique rubber dam and heavy denier polypropylene needle punched material traps and holds up to 1 1/2 gallons of water per square yard.
- Excellent scraping action to remove dirt, grit and moisture from shoes.
- Square pattern is reinforced with rubber (see cross section) to prevent matting down.
- Special cleated rubber backing helps prevent movement on carpeted and hard floor surfaces.
- Use indoor or outdoor.

TYPE 1425 WATER-WELL I Approx. 3/8" thick

WATER WELL II

Like our original Water-Well, this attractive parquet pattern mat offers the unique characteristics of trapping water and dirt before it gets on the floor. The edging of the mat actually acts as a rubber dam to retain water, preventing run-off onto the floor. Recommended for high traffic areas.

- 100% continuous olefin parquet pattern molded into a reinforced rubber base.
- Excellent scraping action.
- Cleated rubber backing helps hold mat in place.
- Use indoor or outdoor.
