

INTERLOCKING TILES

FLEX-TILE INTERLOCKING VINYL TILES

Designed to offer maximum anti-slip protection against wet floors, while providing a comfortable anti-fatigue walking/standing surface, even with bare feet.

- 9/16" thick flexible PVC vinyl.
- Extra large border and corner pieces offer extra stability and won't get lost.
- Slip resistant surface adds safety.
- Excellent drainage.
- Easy snap-together system.
- May be cut to fit custom applications.
- Contains additive to kill molds, mildew and bacteria.

Note: New colors red and green available mid 2002
