

SHELF LINER

NEOTEX PROTECTIVE MESH

NEOTEX is ideal for a wide range of uses in the factory, hospital, restaurant and bar. Use it on bench tops, shelves, drain-boards, carts and trays. Ideal as drawer liner. **NEOTEX** is constructed of pure DuPont Neoprene thickly coated over a fiber core. It is skid-proof, unusually resilient and so soft it can't mar delicate equipment or food service ware. Resistant to oils, gasoline, caustics, soaps, detergents, grease, food-acids, heat and wear. Easily cleaned. May be sterilized by boiling or autoclaving.

- Soft and pliable - conforms to irregular surfaces.
- Reduces noise - serves as a soft cushions to deaden sound.
- Sanitary - can be sterilized by boiling or autoclaving.
- Easily cut to size with scissors to fit any size or shapes.
