

## Arabesque Dance Flooring

This remarkable floor requires no compromise on quality. It is a good surface for virtually all dance forms, including tap and Irish dancing as well as jazz and modern. Because it is a heavy duty homogeneous vinyl, Arabesque is ideal for permanent installations. It is, on a cost per square foot basis, Rosco's most affordable floor; so it is a good choice for such semi-permanent locations as studios in rented quarters. Rosco sells the floor both in rolls and in cut footage to exactly meet your studio size.

Arabesque is available in three attractive marbled colors: Black, Grey and Tan. The marbled finish, besides adding a note of elegance, has the practical advantage of helping to hide scuff marks.

## CWF Dance Floor

This highly portable vinyl floor is excellent for situations where a permanent dance floor cannot be installed. Dance Floor is lightweight (less than 2 pounds per linear foot, 255 pounds per roll) and flexible, so it can be rolled and unrolled as needed. This makes the floor ideal for situations such as touring dance companies and theatres without a permanent dance floor. The matte non-skid finish provides the controlled slip dancers required. Dance Floor is reversible with black on one side and your choice of white or grey on the other.
