Floors
For Dance
rosco

Welcome to Rosco

The most critical factor in choosing a floor is how it feels to the people who will use it. Most dancers and managers can determine this from a hand-held sample (available at no charge). A sample can also provide a good idea of the qualities of the vinyl surface.

How the floor will be used is also crucial. Rosco's floor range provides the perfect floor for any application. All floors may be used for ballet, modern or jazz dancing, but only Adagio and Arabesque are ideal tap or Flamenco surfaces. Touring companies have special needs that are filled by Dance Floor, Cabriole and Adagio Tour. If permanent installation is of primary concern, consider the dimensionally stable Adagio, Arabesque or Performance Floor.

All Rosco floors are constructed of vinyl with a variety of surface treatments to provide the ideal skid resistance and exceptional wear for your application. All floors are available in black and grey, but colors and prices vary from floor to floor. Samples are available through Rosco or your local Rosco dealer.

CWF Flooring, Inc. 38325 6th Street East, Palmdale, CA 93550

Which Floor is Right for You

Floor	Page	Best Use	Touring	Semi-Permanent	Permanent	Floor Speed	Shoe Style
Adagio	p. 3	True multi-purpose floor - ballet, modern, jazz, tap, etc.	Good	Excellent	Excellent	Medium-Fast	All
Adagio Tour	p. 3	True multi-purpose floor - ballet, modern, jazz, tap, etc.	Excellent	Good	Not recommended	Medium-Fast	All
Arabesque	p. 4	Studios - modern, jazz, tap, ballroom, drill team	Excellent/Heavy	Excellent	Excellent	Fast	All
Dance Floor	p. 4	Touring - ballet, modern, jazz, drill team	Excellent	Good	Not recommended	Medium-Fast	Soft
Roscotiles	p. 5	Television studios - ballroom, tap, Flamenco	Excellent	Excellent	Excellent	Very Fast	Hard
Performance Floor	p. 5	Studios - all styles, sound absorptive	Excellent/Heavy	Excellent	Excellent	Medium-Slow	All
Show Floor	p. 6	Specialty floor - special events, commercials	Excellent/Heavy	Good	Not recommended	Medium	Soft
Roscoleum	p. 6	Theatres and television studios (rosin needed with ballet)	Not recommended	Not recommended	Excellent	Fast	All
Studio Floor	p. 6	Studios - very light absorptive matte floor - ballet	Excellent/Heavy	Excellent	Good	Medium	Soft
Rosco SubFloor	p. 7--	Sprung dance floor - easily installed and removed	Excellent	Excellent	Excellent	N/A	N/A

Note: Floor speed is subjective from person to person and varies with temperature, humidity, and shoe style. Rosco gladly provides large samples of our floors for your inspection and comparison.

Shoe Style:
Hard = tap, Flamenco, Irish, clogging, ballroom, high heels, and most street shoes (hard soles)
Soft = ballet, pointe, modern, jazz, tennis (soft soles)

Adagio™

If versatility in usage is your primary concern, Adagio should be your first choice. It is recommended for tap but its non-reflective, controlled slip vinyl surface makes it equally successful as a ballet, modern and jazz floor. Because it is dimensionally stable it can be permanently installed using Rosco adhesives for long term use.

Adagio Tour

Adagio Tour is uniquely suited to those who need a tough, lightweight floor for percussive dance styles. Tour has been specially designed to lay flat quickly and provide a surface with terrific tap sound. The surface is also excellent for all other dance forms including ballet, modern, Irish and jazz.

Adagio Tour weighs only 1.96 lbs. per linear foot and provides a matte, non-reflective surface that is ideal in all performance venues. Despite the tough surface, Adagio Tour is very flexible, assuring years of carefree rolling and re-rolling.

Arabesque

This remarkable floor requires no compromise on quality. It is a good surface for virtually all dance forms, including tap and Irish dancing as well as jazz and modern. Because it is a heavy duty homogeneous vinyl, Arabesque is ideal for permanent installations. It is, on a cost per square foot basis, Rosco's most affordable floor, so it is a good choice for such semi-permanent locations as studios in rented quarters. Rosco sells the floor both in rolls and in cut footage to exactly meet your studio size.

Arabesque is available in three attractive marbled colors: Black, Grey and Tan. The marbled finish, besides adding a note of elegance, has the practical advantage of helping to hide scuff marks.

Dance Floor

This highly portable vinyl floor is excellent for situations where a permanent dance floor cannot be installed. Dance Floor is lightweight (less than 2 pounds per linear foot, 255 pounds per roll) and flexible, so it can be rolled and unrolled as needed. This makes the floor ideal for situations such as touring dance companies and theatres without a permanent dance floor. The matte non-skid finish provides the controlled slip dancers required. Dance Floor is reversible with black on one side and your choice of white or grey on the other.

RoscoTiles

Rosco Studio Tiles were originally designed as rugged, hard wearing floors for video production facilities and television studios. They lay flat for temporary, as well as permanent studio installations and can stand up to camera dollies. The dance world has discovered they make terrific practice tiles for tap and Irish dance! The 3' x 3' squares are an ideal size for practice at home. They weight just 12 lbs. each making them easy to pick up and store away when rehearsal is done.

Studio Tiles are available in Black, Grey and White.

Performance Floor

This durable all-purpose floor is best used in permanent or semi-permanent installations in studios, multi-purpose rooms and showrooms. Performance Floor's durability and abrasion resistance allows it to stand up wherever traffic is heaviest while still offering an excellent surface for all forms of dance.

Performance Floor is available in Black, Light Grey, Dark Grey and White. It is sold only by the full roll; no cut is footage available.

Roscoleum

This is Rosco's version of "Battleship Linoleum". This hardwearing floor provides an ideal surface for all your heaviest traffic areas. Roscoleum stands up to tap, flamenco and Irish dance but will easily accommodate soft shoe styles, too. Roscoleum is available in Black and Grey. Sold only by the full roll; cut footage is not available.

Rosco SubFloor

Rosco SubFloor was developed and tested by dancers to insure the perfect combination of resilience (spring or bounce) and stability. It is flexible enough to absorb the energy from a dancer's impact but provides the right amount of resistance for dance movements ranging from ballet to tap, including folk, modern, Flamenco and Irish dancing.

Most users will be able to install the Rosco SubFloor on their own. The 42" x 42" (3.5 ft. x 3.5 ft.) panels lock into each other with the unique WaveLock® design. Panels weigh only 40 pounds each. Perimeter pieces, 4 3/8" wide, lock the entire floor together. The perimeter of Rosco SubFloor systems can be bolted to concrete or wood floors and can also be removed and re-used in case of a change in venue.

An integral part of the Rosco SubFloor system is the 4.5" diameter closed cell foam pads. These 1" thick pads are affixed at specific locations on the underside of each SubFloor panel. This, combined with the Medium Density Fiberboard (MDF) construction of the panels, utilizing our patented WaveLock® technology, yields superb resilience and dimensional stability.

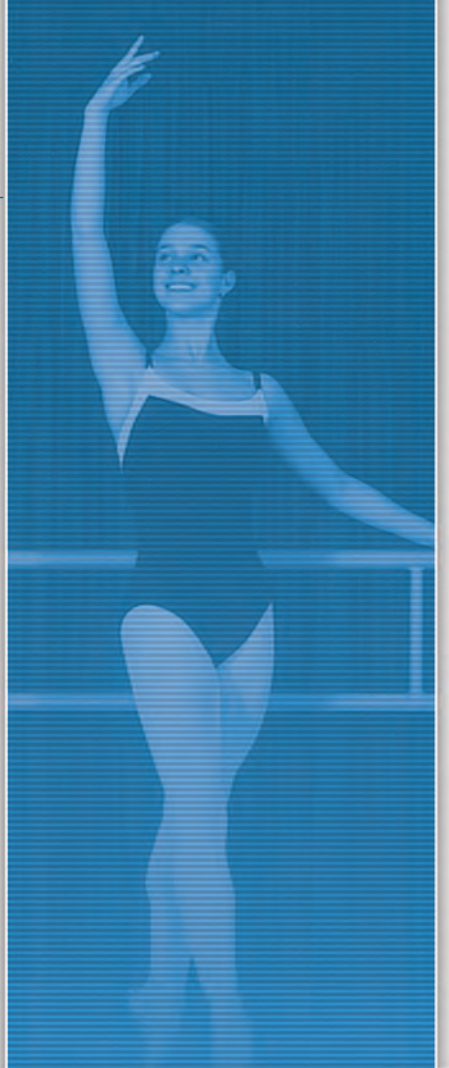
PortaBarre™

The Portable Ballet Dance Barre
PortaBarre™ is exactly what the name describes, a truly portable ballet dance barre. Designed by dancers, PortaBarre is extremely lightweight, yet highly durable and stable. Rosco's PortaBarre uses an internal double button interlocking system, which makes assembly and disassembly possible in a matter of a few minutes, and it does not require tools or locking keys. Made from aluminum, PortaBarre is less than half the weight of comparable sized steel or wood barre systems. The 4'-6" PortaBarre weighs only 15 lbs. and is sold complete with a custom designed carrying case. The 9' PortaBarre, also sold with a carrying case, weighs only 25 lbs. and can be extended to 13' with Rosco's optional 4' PortaBarre extension.

Product Numbers	
09095 0108 9' barre with carrying case	09095 0048 4' extension for 9' barre
09095 0054 4'-6" barre with carrying case	



Rosco Floor Bags

Rosco Floor Bags are designed specifically for touring and situations where you and your floor are frequently in transit. Made of durable water resistant PVC fabric, Rosco Floor Bags help protect your floor where ever you may go. Hook and lok fasteners along the entire length of the bag no only keeps the bag securely closed, but also allows the bag to open flat for easy loading and unloading. Heavy duty nylon handles and reinforced stitching cradle your floor whil being carried. Accomodates rolls up to 63'' in width.

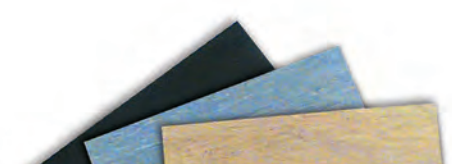
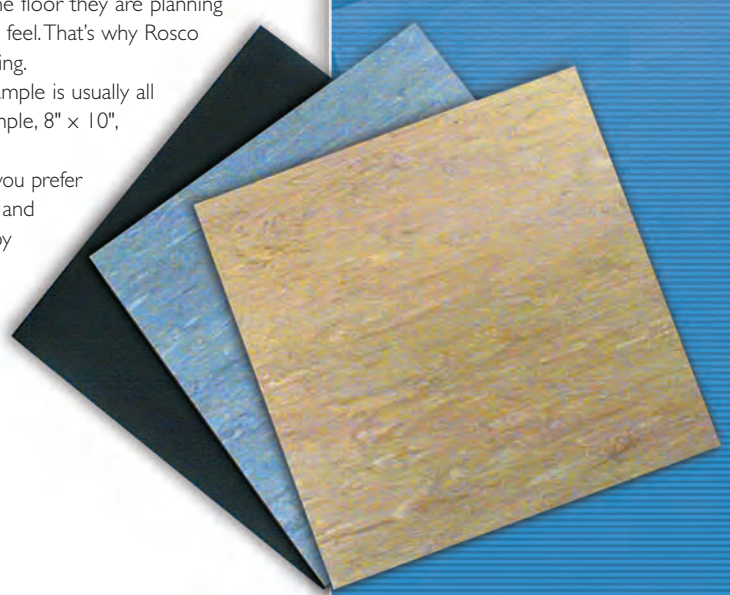
Floor Samples

We recognize that most people want to see a sample of the floor they are planning to buy, both to examine its texture and finish, and to test its feel. That's why Rosco makes samples of any of its floors available, free for the asking.

We provide them in two different sizes. The 3" x 5" sample is usually all that is needed to examine texture and finish. The larger sample, 8" x 10", can be stepped on to test its feel for a dancer.




Let us know which floor(s) you want sampled, whether you prefer the large or smaller size and, of course, provide your name and mailing address. Send your request to any Rosco office or by email to: floors@rosco.com
