

Safety Data Sheet For Rubber Flooring

1. PRODUCT AND COMPANY IDENTIFICATION

1.1. Product Name

Survivor SportFloor or BigChip in rolls, tiles, interlocking tiles and eco-lock tiles

1.2. Production Information

CWF Flooring, Inc.

Telephone 661-273-870

Flooring, for use in residential or commercial spaces

2. HAZARDS IDENTIFICATION

2.1. Classification of the substance

Classification in accordance with paragraph (d) of 29 CFR 1910.1200.

The products listed above are considered “articles” as defined in the OSHA Hazard Communication Standard, 29 CFR 1910.1200 and are considered “manufactured articles” as defined by the Canadian Hazardous Products Act (R.S.C., 1985, c. H-3) and as such are exempt from the requirement for an SDS. Under normal conditions of use, these products do not pose a hazard in the workplace or to the building occupants. Since these products or “articles” pose no health hazard under normal conditions of use, there is no requirement for an SDS. In addition, “articles” are not included in the scope of the Globally Harmonized System (GHS). Although these products are not subject to the OSHA or Canadian standards or GHS labelling elements, U.S. Rubber Recycling, Inc. would like to disclose as much health and safety information as possible to ensure that these products are handled and used properly. This SDS contains information critical to the safe handling and proper use of the products. It is recommended that this SDS should be retained and made available to the users of these products. In addition, the recommendations for handling and use of these products should be included in worker training programs.

2.2. Label Elements

2.2.1. Signal Word

None required.

2.2.2. Hazard Statement(s)

None Required.

2.3. Other hazards**2.3.1. Eye Contact**

None known

2.3.2. Skin Contact

None known

2.3.3. Inhalation

None known

2.3.4. Ingestion

None known

2.4. Unknown acute toxicity

Not applicable

3. Composition/information on ingredients**3.1. Substance**

Not Applicable

3.2. Mixture

Chemical Name	CAS Number	Concentration (%)
Post-consumer recycled tire rubber	-	60-90
Colored EPDM	25038-36-2	10-20
4,4'-Methylenediphenyl diisocyanate	101-68-8	<1.2
Polymethylene polyphenyl isocyanate	9016-87-9	<0.9
Extracts (petroleum), heavy paraffinic distillate solvent	64742-04-7	0.7-15

4. First Aid Measures**4.1. Description of necessary measures****4.1.1. Eye Contact**

No specific measures required

4.1.2. Skin Contact

Wash with soap and water. If skin irritation persists, seek medical advice.

4.1.3. Inhalation

The product cannot be inhaled under normal conditions. No specific measures required

4.1.4. Ingestion

This product cannot be ingested under normal conditions. No specific measures required.

4.2. Important Symptoms and Effects

4.2.1. Eye Contact

No Additional Information.

4.2.2. Skin Contact

No Additional Information.

4.2.3. Inhalation

No Additional Information.

4.2.4. Ingestion

No Additional Information

4.3. Indication of immediate medical attention and special treatment needed

No Additional Information

5. Firefighting Measures

5.1. Extinguishing Media

Water, carbon dioxide, dry chemical.

5.1.2. Unsuitable Extinguishing Media

No Additional Information

5.2. Special hazards

Special exposure hazard arising from combustion products, resulting gases: carbon monoxide, hydrogen chloride, sulfur oxides, nitrogen oxides, aromatic hydrocarbons, PAH's, particulate matter, ozone, heavy metals.

5.3. Advice for firefighters

5.3.1. Special firefighting instruction

No Additional Information

5.3.2. Protection equipment for fire firefighters

Wear full protective firefighting gear including self-contained breathing apparatus (SCBA) for protection against possible exposure. Do not inhale any material or combustion by-products.

5.3.3. Other information

Any process in which heat or flame is applied may result in toxic fumes and smoke. Remove product from area of fire. Stay upwind and keep out of low areas.

6. Accidental Release Measures

6.1. Personal precautions and emergency procedures

6.1.1. For non-emergency personnel

No special measures required

6.1.2. For emergency personnel

No Additional Information

6.2. Environmental precautions

Sweep up and dispose in accordance with all applicable regulations.

6.3. Methods for clean up

Sweep up and dispose in accordance with all applicable regulations. Dispose in accordance with local, state and federal laws.

7. Handling and Storage

7.1. Precautions for safe handling

No special storage precautions required

7.2. Conditions for safe storage

Normal safe handling practices must be applied

8. Exposure Control

8.1 Occupational Exposure Limits

None noted

8.2 Exposure Controls

8.2.1 Appropriate engineering controls

None required

8.2.2 Personal protective equipment (PPE)

8.2.2.1 Eye protection

Wear safety glasses

8.2.2.2 Hand Protection

Use gloves to protect from heat injury in certain positions.

8.2.2.3 Skin and body protection

Wear suitable protective clothing. Safety footwear.

8.2.2.4 Respiratory protection

None required

8.2.2.5 Other information

9. Physical and Chemical Properties

9.1 Information on basic physical and chemical properties

9.1.1 Physical state

Solid

9.1.2 Color

Color may vary in its finishing but is black with specs of color

9.1.3 Odor

Rubber-like

9.1.4 Odor Threshold

Low emitting, <0.5mg/m³

9.1.5 pH

No Additional Information

9.1.6 Melting point

Around (180 – 200) °C or (356 – 392) °F

9.1.7 Freezing point

No Additional Information

9.1.8 Boiling Point (760 mmHg) and Boiling Range

No Additional Information

9.1.9 Flash point

No Additional Information

9.1.10 Evaporation Rate

No Additional Information

9.1.11 Flammability (solid, gas)

No Additional Information

9.1.12 Vapor pressure

No Additional Information

9.1.13 Relative Vapor Density (air=1)

No Additional Information

9.1.14 Relative Density (H₂O=1)

No Additional Information

9.1.15 Density

No additional information available

9.1.16 Solubility in Water

Negligible

9.1.17 Partition coefficient: n-octanol/water

No Additional Information

9.1.18 Auto-ignition temperature

No Additional Information

9.1.19 Decomposition temperature

No Additional Information

9.1.20 Viscosity

No Additional Information

9.1.21 Explosive limit

No Additional Information

9.2 Other information

9.2.1 Softening point

No Additional Information

10. Stability and reactivity

10.1 Reactivity

No Additional Information

10.2 Chemical stability

Stable under recommended storage conditions.

10.3 Possibility of hazardous reactions

No Additional Information

10.4 Conditions to avoid

Open flame and temperatures above 212 degrees Fahrenheit

10.5 Incompatible materials

None known

10.6 Hazardous decomposition products

Oxides of carbon, oxides of nitrogen, hydrocarbons

11. Toxicological Information**11.1. Information on the likely routes of exposure****11.1.1. Likely routes of exposure**

Unlikely under normal conditions

11.2. Acute Toxicity

Not classified

11.3. Repeated Dose Toxicity

Not classified

11.4. Chronic Toxicity

Not classified

11.5. Organ specific toxicity

Not classified

12. Ecological Information**12.1. Toxicity**

No known information on this product

12.2. Persistence and Degradability

Persistent in the environment and not biodegradable

12.3. Bio accumulative Potential

No additional information

12.4. Mobility

Low mobility

12.5. Other adverse effects

No additional information

13. Disposal Considerations**13.1 Waste treatment methods**

Dispose in accordance with local, state and federal laws.

14. Transport Information

14.1 US Transport (DOT) for Bulk Shipments (Non-Bulk Shipments May Differ)

No DOT shipping restrictions have been placed on this product.

14.2 Transport by sea (IMDG)

No Additional information

14.3 Air transport (IATA)

No Additional information

15. Regulatory Information

15.1. US Federal Regulations

15.1.1 TSCA

All components of this product are listed or exempted from listing on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory

15.1.2 SARA 313

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) concentration that are subject to the reporting requirements of Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372 (Table 372.65).

15.1.3 311/312 Hazards

This product contains the compound Styrene (CAS number 100-42-5) which is a fire hazard

15.2 US State Regulations

15.2.1 California Proposition 65 (Safe Drinking Water and Toxic Enforcement Act of 1986)

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

15.3 International Regulations

15.3.1 Canada

15.3.1.1 WHMIS Classification

This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the MSDS contains all the information required by the CPR Uncontrolled product according to WHMIS classification criteria

16. Other Information

Disclaimer:

U.S. Rubber Recycling, Inc. provides a Product Safety Data Sheet (PSDS) for finished products based on the "article exemption" found in 29 CFR 1910.1200 (b) (6) (v). An article is defined as:

“a manufactured item other than a fluid or particle: (i) which is formed to a specific shape or design during manufacture; (ii) which has an end use function dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use, does not release more than very small quantities, e.g. minute or trace amounts of a hazardous chemical and does not pose a physical hazard or health risk to employees.”

The information contained herein is based upon data and information available to U.S. Rubber Recycling, Inc, and reflects our best professional judgment. This product may be formulated in part with components purchased from other companies, therefore this document reflects the best available information to U.S. Rubber Recycling, Inc. from those suppliers. In addition, this product is made from post-consumer tire rubber there the absence of hazardous materials is a “best guess” based on peer-reviewed scientific data.

No warranty of merchantability, fitness for any use, or any other warranty is expressed or implied regarding the accuracy of such data or information. The results to be obtained from the use thereof, or that any such use does not infringe any patent, since the information contained herein may be applied under conditions of use beyond our control and with which we may be unfamiliar, we do not assume responsibility for the results of such application. This information is furnished upon the condition that the person receiving it shall make his own determination of the suitability of the material for his particular use.
